Our latest LED recessed retrofits are designed with the architect in mind. They represent an elegant, value oriented, easy to install solution wherever more design is required, but without the harsh glare of standard downlight retrofits. Our latest Color Quick technology allows lighting designers and end users to choose from 5 color temperatures at installation, just by flicking a switch. And they offer all the efficiency, low maintenance and superior lighting that LED technology delivers in a low maintenance, simple package.
