Discover the elegance of “Satco-Escent” Satin Spun light bulbs, which combine the classic charm of incandescent lighting with the advantages of modern LED technology. The exquisite Satin Spun finish evokes the look of a vintage gas flame, while the unique shape of the bulb adds a touch of contemporary style. This family is available in three color temperatures, ranging from a warm, inviting 2000K to a crisp, natural 5000K, making them perfect for clear or open fixtures throughout any residential or hospitality application. Designed to replace traditional 60W incandescent lamps, they provide 360 degrees of omni-directional light and feature smooth dimming capabilities down to 10 percent. These bulbs are a stylish, energy-efficient addition to any space they illuminate.
